

From the Office of the Chief of Police

On behalf of the members of the Rivers Police Service it gives me great pleasure to share our 2017 annual report with you. The members of the Rivers Police Service are dedicated to provide the very best police service possible to the citizens they serve. They are able to do this through the support provided by our governing bodies the Mayor and Council and our Police Board.

As a police service we continue to explore opportunities that allow us to maintain and improve upon the level of service provided to the community. We do this through continually assessing the services provided.

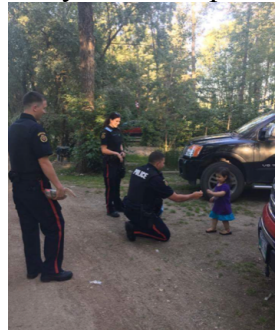

I will be completing my fourth year as Chief of the Rivers Police Service. I would like to take this opportunity to personally thank the citizens of Rivers for offering me the opportunity to be their Chief of Police. Over the past year several programs have been deployed including Road Watch, Victim Services, Justice Committee, Use your Head Campaign and the Ident a Kid Program.

I encourage all who peruse this report to participate in the future of your policing needs by offering constructive suggestions on how your police service can continue to provide the level of service the community should expect.

Respectfully submitted:

B.G.KLASSEN
Chief of Police

Policing Plan Forward

The Rivers Police Service is dedicated to improving the quality of service to our citizens, while serving the residents of Rivers in the most professional and courteous manner. The Police Service is continuously seeking new and innovative methods to improve the effectiveness of our agency. In an effort to do so the Police Service developed a 5 year local policing plan. The plan is a culmination of a process involving Town Council, Police Board, local citizens and staff of the Police Service. Through this community feedback, the Police Service has worked to identify the law enforcement related problems and needs of the community and to develop strategies to fulfill those needs through an active, on-going partnership with the citizens we serve.

The following goals have been selected to guide the Service in serving the community:

1. Crime Control
2. Maintain Traffic Safety through Community Education and Enforcement
3. Provide presence in schools
4. Develop plan to respond to violent situations in schools
5. Work with local news media to deliver community education program
6. Develop and maintain new and existing programs
7. Update Town of Rivers By-Laws
8. Partner with neighboring Police Services to reduce crime
9. Update the technological needs of the Police Service

The Police Service will work effectively to respond to the needs identified by the community.

OUR VISION is to KEEP RIVERS SAFE

Responsibility for preventing and detecting crime and anti-social behaviour is not the work of the police alone. To quote the founder of modern day policing, Sir Robert Peel, "The police are the public and the public are the police; the police being only members of the public who are paid to give full attention to duties which are incumbent on every citizen in the interest of community welfare and existence" It is essential that the police and the public form partnerships and work together in order to maintain a law abiding society and thereby strengthen our community and *keep it safe*.

Community Pledge

In fulfilling the vision, every Rivers Police Service member is committed to our community pledge. This pledge demonstrates how every member of our staff will conduct themselves when dealing with you, the public.

All staff must be:

- **Attentive** – by listening to individuals and the community
- **Responsive** – by responding to the needs of individuals and the community
- **Reliable** – by maintaining the community's respect
- **Skilled** – by having staff with the right tools and abilities to do the job
- **Polite** – at all times to all members of the community
- **Fair** – at all times in carrying out our duties
