

Announcement

Council of Riverdale Municipality wish to announce that the Rivers Police Service has been appointed as the single policing service for Riverdale Municipality as a whole effective January 1st, 2018.

Following 3 public consultations, Council has passed a resolution to support a single police service under the Rivers Police Service.

This appointment does not address funding. The funding of this service is a separate issue and will be proposed by by-law and follow all regulations under *The Municipal Act* with a Public Hearing forthcoming.

RPS has proudly served the community of Rivers for over 100 years and we look forward to expanding this service over our entire municipality for many years to come.
