## Community Clubs

### Rivers Game & Fish Association

Rivers Game and Fish Association is dedicated to the conservation and sustainable use of fish, wildlife and habitat resources in the surrounding area. Through promotion, education and conservation programs, Rivers Game and Fish works to ensure healthy fish and wildlife populations. They believe that outdoor heritage and the time-honored traditions of hunting and angling must be preserved for future generations.

Events that the Game & Fish Association put on for the community include Winter & Summer fish derby, learn-to-fish day, & the annual buck night.

The Game & Fish Association has a number of benefits to becoming a member including: \$3 million primary personal public liability insurance, \$10,000 blanket insurance, Subscription to Outdoor Canada West Magazine (published 6x annually), 10% discount on MWF merchandise, A voice in the progressive management of Manitoba's natural resources, & an opportunity Participate in club events throughout the year.

### *Riverdale CDC Report*

As you may have noticed, the CDC Monthly Report has switched its focus this month, this trend will continue in the months to come! For reports on the Businesses in our Municipality, please visit the Rivers & District Chamber of Commerce Facebook page as they will be profiling businesses going forward! We at the CDC are going to be switching our focus to Community Clubs & Organizations that you can get involved in! We will follow the same format for the newsletter, showcase a community organization and give you information on how to get involved with group should you desire to do so!

We hope everyone is having a great summer and enjoying the sunshine in Riverdale!
