

NOTICE OF REVISED WATER RATES FOR RIVERDALE MUNICIPALITY RIVERS WATER

July 5, 2018

Riverdale Municipality had applied to the Public Utilities Board Order number 75/15 on July 27, 2015 for revised rates for the Rivers Utility (Utility) as set out in By-law No. 2015-08. The Public Utilities Board approved, in principle, a rate surcharge to recover debenture servicing cost for the completion of the water treatment plant, as outlined in the Municipality’s rate study. The Municipality was required to return to the board for approval of specific surcharge amounts once these had been finalized.

Effective July 1, 2018 the Public Utilities Board has given approval to the Municipality of Riverdale Rivers Utility debenture surcharge of \$7.31 per 1,000 gallons. The debenture surcharge is for the cost of building a new water treatment plant.

The current rates and **new rates effective July 1, 2018** are provided:
