

Little Saskatchewan River Conservation District

Little Saskatchewan River Conservation District is dedicated to the adoption of sustainable practices that enhance quality of life and build sustainable communities through integrated land and water management. Our employees enjoy opportunities to learn and implement new skills.

SENIOR TECHNICIAN, OAK RIVER, MANITOBA (Permanent, full-time)

The Senior Technician is responsible for the implementation, management, and supervision of land and water stewardship programming for landowners, residents, and municipalities.

Key responsibilities include:

- Planning and delivery of programs and projects such as shelterbelt planting, well water testing, abandoned well sealing, and construction
- Engaging with the public
- Working in the field to implement projects
- Collecting geospatial data and producing maps and deliverables
- Supervising staff

Successful candidates will possess:

- Verbal and written communication skills
- Awareness of conservation and farming practices
- Post-secondary education in a natural resources field
- A valid Class 5 Manitoba Driver's License
- Proficiency in GPS, ArcMap, RTK, and Microsoft Office
- Experience in the use and maintenance of program equipment
