

Riverdale Municipality wishes to remind those in the municipality that take advantage of the landfill located at NW 9-12-21 that trash/recycling materials **MUST** be taken to the Riverdale landfill site during hours of operation and **NOT** simply dumped outside the gates or in ditches on back roads.

Scenes like this one at the front gate are becoming too common & causing unnecessary use of equipment and labour resources that would be better served elsewhere.

**Due to the ongoing issue please be advised that fines WILL be issued for Littering under the Environment Act**

**Individual: \$672.00  
Commercial: \$2,542.00  
Unsecure Load: \$298.00**

If you are transporting trash/recycling to the landfill, please ensure you are tarping your loads.
