Dear Neighbour,

Subject: Call for Community Photos to Showcase Riverdale Municipality

Riverdale CDC is inviting residents of Riverdale Municipality to contribute photographs for our upcoming community tourism brochure. Our goal is to create a vibrant, authentic guide that promotes the unique beauty, rich history, and incredible recreational assets of our region. Because you live, work, and play in this beautiful corner of Westman, you know our community's hidden gems best. We believe that local, resident-taken photos are the absolute best way to capture the spirit of Riverdale.

We are specifically looking for high-quality images that showcase:

- **Outdoor Recreation & Nature:** Boating, fishing, and camping at Lake Wahtopanah and Rivers Provincial Park, golfing at Riverdale Golf & Country Club, hiking along Aspen Trail.
- **Community Parks & Facilities:** Families enjoying Riverdale Community Centre, Millennium Park, Riverdale Campground, the Wetland Center of Excellence, Fish & Game Range, and local sports fields.
- **Heritage & Culture:** Landmark shots of our historic places, regional agricultural scenery, and our cultural murals.
- **Local Life:** Vibrant community events, local business storefronts, and seasonal landscapes across our municipality.

Selected images will be featured in our official print brochures, on the [Riverdale Municipality Website](#), and across our promotional social media channels. All selected photographers will receive full credit in the brochure. While this is a voluntary contribution, it is a meaningful way to share your artistic talent and help support our local tourism and economic growth.

Submission Guidelines:

- **Format:** High-resolution digital files (JPEG or PNG format preferred for printing)
- **How to Submit:** Please email your photos directly to riversdalycdc@gmail.com or drop them off via a cloud link (such as Google Drive or OneDrive).
- By submitting your photo(s), you agree to have them used in marketing materials.
- **Deadline:** Please submit your images by **August 31, 2026**.

Thank you for your time, your talent, and your shared pride in making Riverdale Municipality a progressive and welcoming destination for all.

Warmly,

Members of Riverdale CDC
