

Rural Municipality of Daly POLICY AND PROCEDURE MANUAL		POLICY NO: 04
REFERENCE Roads	ADOPTED BY: Resolution #10-138 Date: July 13, 2010	
TITLE: :Construction of Rural Approaches		Reeve:  CAO: 

Construction of Rural Approaches

This policy sets out the requirements for the construction of rural approaches to properties.

1. Each ¼ section within the municipality will be allowed 1(one) approach on each side of the quarter which borders a municipal road allowance.
2. Construction, widening or repair of approaches which intersect municipal roads or right of ways, will be at the cost of the landowner with the exception of culverts of appropriate diameter to a maximum of 40 feet in length, which will be supplied at municipal cost. Extra culvert length may be at the landowners expense.
3. Any necessary licensing and associated costs through Manitoba Water Stewardship will be the responsibility of the Municipality, and work must not proceed until licenses are approved.
4. The landowner must apply for clearances from utilities (eg. MTS, Manitoba Hydro, and Gas) prior to work commencing. Copies of clearances must be forwarded to the Municipal office
4. Approval must be obtained from Municipal Council for the placement of approaches before construction begins. Application must be made on the approved form.
5. Approaches constructed and culverts placed before receiving approval of Council, will be at the cost of the landowner and may be ordered removed at the property owners expense.
6. The new construction of approaches which intersect Provincial Roads must have Provincial approval and the landowner will be subject to regulations and costs as set by the Province of Manitoba.
7. The municipality will not supply culverts for approaches which intersect Provincial roads.
