Site#4 – Paradise Valley Bridge. West of Rd 114 on Rd 61

Site#4 Rd61 Paradise Valley Box Culverts

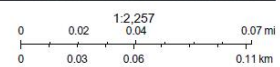

March 3, 2021

Override 1

Property Assessment Information

Manitoba Boundary

Manitoba, GeoEye, Maxar

Scope of repair

Excavate and remove rip-rap material and partially excavate approach material for placement of new Gabion baskets. (Pictures provided)

Install Gabion baskets on NE and SE corner of the culvert crossing in accordance with the manufacture recommendations.

(East side of culverts-only).

Backfill behind the Gabion baskets to bring the embankment and road back to grade.

Estimate of Materials needed (per Stantec Engineering).

50 m3 Gabion baskets

750 m3 A-base

20 m3 traffic gravel

Please provide a summary of costs for all said materials and labour to complete this repair.

Sealed Tenders are to be sent, hand delivered or emailed (emails will be opened after tender deadline). Tenders due by 4pm Friday September 3rd, 2021.

Lowest Tender not necessarily accepted.
